

## Completing Your Application Form

Please do not worry if you cannot complete all sections of the form. We have designed the form to cover a wide range of applicants, from large organisations with paid staff to small groups of individuals and recognise that many of these will be not be able to provide some of the information requested on the form.

If you need to use additional sheets to complete any section, please use white paper, size A4, to facilitate copying.

You are strongly advised to complete the checklist on the last page and keep a copy for your own records.

We will be happy to help you complete your application. If you need assistance with any section, or just want to ask us further questions before submitting the form, please contact the Clerk to the Council or the Finance Officer, on 01473 788248 or email [shotleypc@btinternet.com](mailto:shotleypc@btinternet.com).

If you are a formally constituted organisation, remember to enclose a copy of your governing documents and accounts. If not, ensure that you have presented your idea clearly and given enough detail for us to thoroughly understand what you are trying to do.

The form is designed with the following in mind:

**Section A** It is sometimes the case that an application is from a widely dispersed group or organisation, where a local representative is leading the project. We simply need to know who you are, and how we should contact you if we need to discuss your application in more detail.

**Section B** We are seeking enough information to allow us some insight into the workings of your group. Do not worry about fine points of distinction between categories of member, if you have them; we simply need to form a vision of your group and how it goes about its work.

**Section C** We need to form a clear picture of the organisation, project or service that you are planning. We will look for a close relationship with our own policy (*See the first section of these Guidance Notes*) wherever possible, and evidence of sensible planning and research.

Always remember that the money we award is public money and we must ensure that it will be spent wisely.

The Parish Council, at its discretion and where permitted, may choose to purchase the goods and donate them to the organisation, rather than issue a cash grant. This may be beneficial where the Parish Council has access to government purchasing contracts.

We must also ensure that in giving a grant we are not acting outside our statutory powers. We may decide that your application deserves an award, but be unable to give any money immediately, in which case we need to understand clearly how the project will run and may suggest that you re-submit your application at a later date.

We will use the information you provide in this section to gain assurance that the project is viable, will be adequately managed and that you have planned sensibly to achieve your aims. Do not worry about precise details (unless the plan is very simple), we are looking for an overall impression of the elements of your scheme and how you have approached the issue of funding.

**Section D** If you are able to provide formal documents and details then you must do so. If you are a small or informal group, then you should attempt to show clearly how you ensure proper control of your financial affairs.

**Section E** We must be assured that the application is made with the approval of your organisation, if you are formally structured. If you are a small, informal, group this can be addressed with a simple written statement from the parties involved.

**Section F** We hope that completing the form will not be too difficult but do expect some effort to provide the information we require. If you have all the details “at your fingertips” and have already taken appropriate copies of supporting documents *etc.* then we estimate that the form can be completed in 30 – 45 minutes or so. Please let us know of any sections which you found unclear, or any improvements we might make to assist future applicants.

This is a binding agreement, which will apply in the event that your application is successful. Please read it carefully, and do not sign Section E unless you understand the terms and are prepared to accept them fully.

**Section G** Please take a moment to go through this checklist and tick to confirm that the required information and supporting documentation has been provided.

**Environmental Area - Pond dipping platform**

Our new curriculum that we have written bespoke to Shotley CP School, has three drivers, one of which is an environmental driver: This was chosen because the school wants to increase the children’s awareness of the environment around them and the wider environment and accompanying issues. One of our strategies we have chosen to work on straight away, is to increase the amount of time the children spend learning outside (which has been proven support effective learning) within the grounds and surrounding area. Our environmental area is key to this as this is where children throughout the school spend time growing vegetables, completing art pieces, and some science – we want this to increase. One of the assets in the environmental area is the pond, first created in the 1990s. It was re-lined and refilled approximately four years ago, and fenced in for safety, but since then, the decking has been deemed unsafe to use as it has rotted away in parts. Now the pond has reached maturity, and the new curriculum has new emphasis on outdoor learning, the school would love to use the pond by replacing the decking with hardwearing material such as seasoned oak.

**15. Please tell us how you think this matches the policy of Shotley Parish Council Grant Scheme (Please refer to guidance notes.)**

The pond will be used for all of the animal and plant based units of Science in the curriculum, from the Early Years class to Year 6, thereby directly benefitting all of the children in the school as they progress through. Significant investment has already been made by the school in buying new equipment for classes of children to use when in the environmental area (as well as in the playground to help raise the amount of learning outdoors) and the PTA has bought a shed to house the equipment. Volunteers have also given time over the last few year to maintain the grounds on an annual basis and increase the health of the pond’s eco-system. The decking is the final part of the plan to complete a safe working and fully accessible environment for the children.

**16. How have you identified the need for this project?**

A significant part of the environmental area is out of bounds and is unused due to the fact that the decking cannot be used to access the pond

**17. When do you intend your project or service to start?**

As soon as possible with the consideration for nature so this may have to wait until the autumn.

Month: Autumn Year: 2021

**18. Approximately how many people do you expect to benefit directly from your project?**

Age group	Resident in the Parish	Resident outside the Parish
Children & Young People (< 18)	147	3
Over 60’s		
Other age groups		
<b>Total</b>	<b>147</b>	<b>3</b>

**19. Will any special needs or minority groups benefit? (Please describe)**

All children in school with access the pond. Currently the school has 19 children on the SEN register, including 1 with an Educational Health Care Plan.

**20. How will you measure the success of your project?**

The use of the pond will be intrinsic in the teaching of Science, but also in supporting the School Development Plan's target for developing a curriculum that involves teaching in the outside environment. The school is also working towards the quality mark for teaching Science, and the outdoor environment has been identified as an area in which we want to teach Science successfully, so the use of the pond will contribute to this. The school is also working towards RSPB and Woodland trust awards, which the pond use will be a part of in the school's submission.

**21. What experience does your organisation, or individual members, have of running this type of project?**

This project will bring back a facility that previous children have enjoyed

**22. Tell us the cost for your project and give a breakdown of what the money is for.**

We need this information to assess your application thoroughly. If you have a project budget, or have received estimates/quotations, please enclose copies.

Item or Activity	Estimated Cost
Removal and disposal of current decking and green oak for new decking	£550
Labour to install new decking	£450
<b>Total Cost</b>	<b>£1030</b>

**23. Have you sought funding from any other source? If not, why not? Yes  No  \***

Organisation	Amount requested	Successful? Yes/No, or Waiting Decision	Conditions Attached
<b>Total</b>			

We have tried to source funding from Learning Through Landscapes but it didn't fit the criteria. Previously the school has applied to the National Lottery and Tesco's Bags for Life funding streams.

**24a. How much of your organisation's money will be used for this project?**

£ 400

**24b. How much money are you asking the Parish Council to grant?**

£ 630

## Section F: Agreement

*I confirm that the organisation named on the front of the application form has authorised me to sign this agreement on their behalf. I certify that the information given in this application is true to the best of my knowledge, and confirm that all enclosures are current, accurate and adopted or approved by the organisation. If this application is successful, in full or in part, the organisation will keep to the following terms and conditions. I understand that this is an agreement between the organisation and Shotley Parish Council, which is legally binding, under the laws of England.*

***We understand and agree to the following:*** We will deliver the commissioned project or service as set out in this application. We will not make any major change to the commissioned project or service without first receiving Shotley Parish Council's written agreement. We will not sell or dispose of any equipment or other assets which we have purchased in connection with this project or service without the Parish Council's written agreement. If we sell any equipment or assets, we may have to pay the Parish Council all or part of the money we received for them. The amount we repay will be in direct proportion to the share of the project or service cost represented by the Parish Council's grant. We will comply with all relevant legislation applicable to the way we carry out our project or service. We will acknowledge the Parish Council's grant in our Annual Report, our Chairman's or Secretary's report at our AGM, our accounts which cover the period of the grant and in any publicity materials we produce about the project or service. We will supply copies of these documents to the Parish Council if requested. We will show the grant in a separate line in our annual accounts, detailed as a „restricted funds“ and will not include it under general funds. The Parish Council may use our name and the name of our project or service in its own publicity materials. We will inform the Parish Council of any situation where confidentiality is a particular issue. We will monitor the success of the project or service and report to the Parish Council if requested. We understand that the Parish Council will not increase the grant and that monitoring and control of the project or service expenditure is our responsibility. We will keep all financial records and accounts, including receipts for items bought. We will make these available to the Parish Council on request. The Parish Council may hold back payment or ask us to repay, in whole or in part, in the following circumstances:

- *If we fail to keep to this agreement in any way:*
- *If the application form was completed dishonestly or the supporting documents gave false or misleading information;*
- *If the organisation closes down, becomes insolvent, goes into administration, receivership or liquidation, or makes an arrangement with creditors;*

*If our organisation closes down, we will not sell or dispose of any equipment or assets without first receiving the Parish Council's written agreement.*

*If we have bought any equipment or assets with the grant, these terms and conditions will apply until the end of the normal expected working life of the assets.*

*Any payment made prior to the completion of a project will be recovered if the project does not reach completion.*

**Section G: Checklist**
