In May 2021 GLI Group becomes Official Opposition

Since last year's County Council Elections, the Suffolk Green Liberal Democrat & Independent Group have been tasked with trying to hold the Conservative administration to account. The Conservatives having a strong majority with 55 seats out of 75, but we have been able to bring forward questions & motions throughout the year and challenge them to do the best for Suffolk.

Annual Budget Meeting: GLI Amendments Declined

Suffolk County Council voted in their budget for 2022-23. Our Group were concerned that the budget relied too heavily on transformation savings, and that the Conservative's did not take the maximum social care precept to fund adult care allowed by Government.

Suffolk GLI Group highlighted the need to invest more in adult social care, as well as an innovative project to reduce the energy bills of those most vulnerable, considering the current energy and cost of living crisis. Both ideas were rejected by the Conservatives, but our Group will continue to champion more investment into our social care and green technology that can lower bills.

No Carbon Budget for Scrutiny

Conservatives brought forward the first Carbon Budget for Suffolk, but it wasn't part of the main budget so wasn't put through the Scrutiny process in the same way. The Carbon Budget is aimed to help us understand the level of emissions the Council are responsible for and helps to achieve the Council's ambition of being carbon-neutral by 2030. It is important the Carbon Budget is scrutinised, as there are many issues with data collection and performance measures that weren't addressed. Our Group raised concerns about this and has been assured that this will form part of the general budget process for next year.

Levelling Up: A Devolution Deal for Suffolk?

The Government published its White Paper on Levelling-Up, within which it has agreed that Suffolk will be one of nine initial 'County Deals' up for negotiation. A new deal will potentially give local leaders more powers to make decisions for their communities for the first time. Our Group welcomes the idea of bringing more power to the communities of Suffolk. However, we are concerned about a potential Mayoral position created in Suffolk and the effect this may have on marginalising districts in Suffolk.

Report into SEND Provision: Review & Recommendations

Suffolk County Council commissioned an independent review into Special Educational Needs and Disability provision. The report found severe failings in the delivery of Education, Health, and Care (EHC) plans for children, serious issues in communicating with parent/guardians, as well as an inefficient work environment within the service.

The scrutiny committee have met since the report to listen to lead officers within the service and parents, debate necessary changes, and submit recommendations for improvement. This included extended training, newly appointed managerial posts, and new accountability structures to help deal with the issues outlined in the previous report.

Bus Back Better: Initiative from the Department for Transport (DfT)

The Bus Back Better scheme was launched this year, aimed at updating, expanding, and improving our bus services in Great Britain. The Cabinet at Suffolk County Council approved a Bus Service Improvement Plan (BSIP) submitted to Government. However, we have recently been told that Suffolk's bid has not been successful.

Biodiversity Recommendations to Enhance

Suffolk County Council will be doing more for the county's natural environment, as it confirmed plans to enhance the biodiversity of at least 30% of its land by 2030. Our Group had a major influence in providing recommendations to SCC which are now a part of the Council's ambitions moving forward to enhance biodiversity. Examples include planting more hedgerows, improving highway trees, and developing nature-based flood management solutions. For more information, visit: <https://www.suffolk.gov.uk/council-and-democracy/council-news/show/councils-commitment-to-further-enhancing-suffolks-natural-environment>

Sizewell C: Where are we now?

Our Group has asked searching questions regarding this project, arguing the environmental and socio-economic impacts on local communities are far too great. The Government announced their strategy to retain investors, by shifting the costs of Sizewell C onto consumers, in the form of a taxpayer subsidy known as a 'Regulated Asset Base' funding strategy.

Our Group rejected this strategy, and strongly recommended that the Government reconsiders before it puts the burden of cost onto our local communities, and instead looks into investing in cleaner, cheaper, safer and quicker forms of renewable energy available to Suffolk. Suffolk County Council have announced their general support for Sizewell C but have taken up 'important concerns' to the Secretary of State.

New Investment in Drainage and Footway Infrastructure

The Cabinet approved £10m to replace broken pipes and new installations, as well as an additional £10m to increase the maintenance of selected footways in Suffolk.

Lorry Route Map Review in Suffolk: Interactive Map to be Published

Suffolk County Council undertook a review of recommended lorry routes across the county; the first major review of the network since 2011. Suffolk County Council invited parish and town councils for their views, and to provide up to three routes where they believe HGV traffic has the highest impact on their communities. The review will be completed in Spring 2022 where the County Council plan to publish a new interactive Lorry Route map. For further information, please contact lorry.routes@suffolk.gov.uk,

Local Electricity Bill: Suffolk GLI Motion Passed by Council

A motion submitted by our Group ask Suffolk County Council to support the Local Electricity Bill, which is a proposed Bill waiting to be debated in Parliament for its Second Reading, was passed unanimously by the Council. The Bill seeks to localise energy supply, making local electricity cheaper, more reliable, and community based. Details of the motion and Local Electricity Bill can be found here: <https://powerforpeople.org.uk/local-electricity-bill-briefing-for-councillors>

Councillor's Locality Budget:

County Councillors have a Locality Budget through which they can make recommendations to Suffolk County Council to put funds towards local projects.

In the last year I have recommended funding for a number of projects across the Peninsula including: Lantra training for power tools, play equipment, speed indicator devices, bench seats, village hall projectors, Repair Café equipment, defibrillator training and a Community Shop venture. Other projects in the pipeline include helping local students with a mental health project.

If you are involved in similar local projects this coming year, and would like to be considered for a grant, please let me know.
